

ART. ZE-117

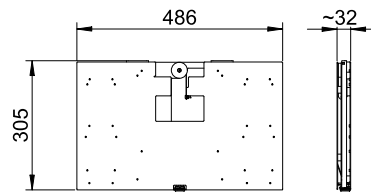

## Lift module M for behind-mirror fitting for 1 paper towel dispenser and 2 soap or disinfectant dispensers

**Lift module M for behind-mirror fitting for 1 paper towel dispenser and 2 soap or disinfectant dispensers, stainless steel**

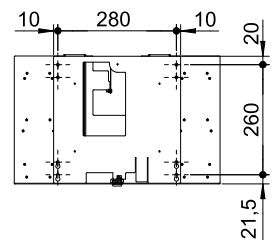

Lift module M for behind-mirror fitting for 1 paper towel dispenser and 2 soap or disinfectant dispensers. Made of stainless steel. The element is made out of stainless steel and locked in closed dispenser position using a key. For refilling purpose the lift module is lowered by means of high-quality guide rails. A strong spiral spring supports the very smooth opening and closing of the lift module. Suitable for ZE-140, ZE-140E, ZE-150, ZE-111 and ZE-112.
